

Dr. Ostfeld Lecture: Ecology of Lyme 5/29

Cary Institute of Ecosystem Studies in Millbrook, NY – On Friday, May 29 at 7pm, Cary Institute ecologist Dr. Rick Ostfeld will be giving a public lecture on The Ecology of Lyme Disease. He will discuss how environmental conditions – like predators and land use – shape disease risk. He will also cover emerging tick-borne pathogens in our region and ongoing work on preventative measures. The event will be held in our auditorium; there will be ample time for audience Q&A.
